THE ROYAL ANCESTRY BIBLE

a 3,400 pedigree chart compilation (plus index and appendix) containing

ROYAL ANCESTORS OF 300 COLONIAL AMERICAN FAMILIES

who are themselves ancestors of 70 million Americans

by Michel L. Call

The *Royal Ancestry Bible* is a set of three hard-bound volumes, 8.5" X 11", with 1224 pages per volume, or a total of 3672 pages.

It represents an attempt to chart all known descents from English or French kings or the Emperor Charlemagne for all colonists who have at least 20,000 American descendants. Many colonists are shown to have hundreds of different descents from the Emperor Charlemagne and to have thousands of known ancestors.

Also charted is the full known ancestry of Richard Plantagenet, Duke of York (b. 21 Sep 1411) & Cecily Neville (b. 3 May 1415), who are ancestors of numerous English and Scottish kings and queens and of various American colonists.

This comprehensive compilation may provide more ancestry for more people than any other work ever published. In this nine-year project, the author has expanded and updated some of his earlier publications and reviewed and incorporated much of the latest and best work, both published and unpublished, of many of America's and Europe's best medieval scholars.

The price of the three-volume *Royal Ancestry Bible* is \$270.00, plus \$12.00 shipping and handling (22 pounds per set), for a total of \$282.00. A convenient Order Form is included below.
